## **COVID-19 Urgent Production / Development Support Program**

ARRK Corporation (Tokyo: 7873; President & CEO: Atsushi Komoriya) would like to offer its deepest condolences to the families of those who have passed away due to the novel coronavirus outbreak all over the world. ARRK also extends its sympathy to all others who have been affected by the outbreak.

In addition, ARRK would like to express its sincere appreciation to health care professionals, medical equipment and supply manufacturers for their infection control efforts.

ARRK is offering an urgent production / development support program in order to assist world societies by its rapid prototyping technologies under the circumstances.

1. **The purpose of the program:** To support those who face the serious situation where it is difficult to receive components or parts in time.
2. **Assumed industries:** Any industries needing urgent production or development support under the current supply chain disruption due to the COVID-19 outbreak. ARRK is also looking for partners who can support the intent. Please contact without hesitation.
3. **Duration:** Contact Wednesday, April 1, 2020 –for a while \*May change depending on the outbreak conditions.
4. **Cost:** ARRK offers a reasonable price compared to its regular quotation for this purpose.
5. **Technologies:** Various rapid production technologies that can be produced with short lead time. (An alternative technology could be proposed depending on your requirements. Please contact without hesitation.)
6. **Materials:** A wide variety of plastics and metals. (Other materials, please ask.)
7. **Lead time:** It would be arranged as soon as possible based on the current in-house and partner-network capacities. It may be a few days if it is a simple work. However, please understand that it varies depending on technologies, materials, quantities, etcetera. Please kindly understand that ARRK's capacity may also be affected as conditions change day by day, so that it might be tough to meet requirements sometimes.
